

SUSTAINABILITY IN ACTION

Responsible Manufacturing. Measurable Impact. Lasting Value.

At AV Automation Pvt. Ltd., ESG is not an obligation — it is how we operate, invest, and grow.

We embed environmental responsibility, workforce well-being, and disciplined oversight into every business decision to create sustainable long-term value.

ENVIRONMENTAL LEADERSHIP

Reducing Carbon. Conserving Resources. Driving Efficiency.

We are actively lowering our environmental footprint through:

- Adoption of **Solar Energy** to increase renewable power usage
- Transition to **PNG (Piped Natural Gas)** for cleaner fuel consumption
- Continuous reduction of energy consumption per unit produced
- Scrap minimization through process precision
- Compliant hazardous waste management
- Water conservation and resource optimization

Environmental metrics are monitored, reviewed, and improved through structured management oversight.

SOCIAL RESPONSIBILITY

Safe Workplace. Skilled Workforce. Strong Culture.

Our people are central to sustainable growth.

We ensure:

- Safe and compliant working conditions
- Strict PPE adherence across operations
- Continuous safety and skill development training
- Transparent incident reporting systems
- Equal opportunity and inclusive workplace practices

Safety, engagement, and capability development are measured and continuously enhanced.

COMMUNITY IMPACT

We extend our responsibility beyond our factory walls:

- Conducting **plantation drives** to promote environmental awareness
- Installing **water coolers in nearby schools** to support student welfare
- Providing **food support initiatives** where required
- Financial support to **schools and NGOs** working toward education and community development

We believe sustainable growth includes uplifting the communities around us.

OUR PROMISE

We are building more than manufacturing capability —
we are building a low-carbon, safe, and responsible industrial ecosystem.

AV Automation Pvt. Ltd. is committed to measurable sustainability, disciplined governance, and continuous improvement — today and for the future.
